- Please observe the submission deadline. Applications must be received before the **Pre-proposal submission deadline on the 12th April 2010, 12:00 noon**, in order to be eligible!
- More information is provided in the Guide for Proposers.

0.2 Pre-proposal Submission Modalities

The Pre-proposal has to be submitted by means of the **FFG's electronic submission system "eCall"** (<https://ecall.ffg.at>) in order to be considered for evaluation. In the course of the eCall procedure, the **Pre-proposal documents (Form A and Form B) have to be uploaded by the Austrian consortium leader.**

More information concerning the eCall procedure is provided in the Guide for Proposers.

For projects embedded into the MNT-ERA.NET Call 2010, an **additional MNT-ERA.NET Pre-proposal** has to be **submitted by the project coordinator of the international consortium** – see www.mnt-era.net

**Submission deadline for
national Pre-proposals and MNT-ERA.NET Pre-proposals:
12 April 2010, 12:00 noon**

Please note:

Only **complete project proposals** that have been filled in **electronically in English** are considered!

The submission of a transnational project is a two-step process consisting of a Pre-proposal and a Full Proposal submission procedure. Therefore the submission of a **Pre-proposal is a precondition for the Full Proposal** to be eligible.

Applications have to be submitted via eCall tool before the expiry of the submission deadline in order to be eligible!
